My Favorite Movies

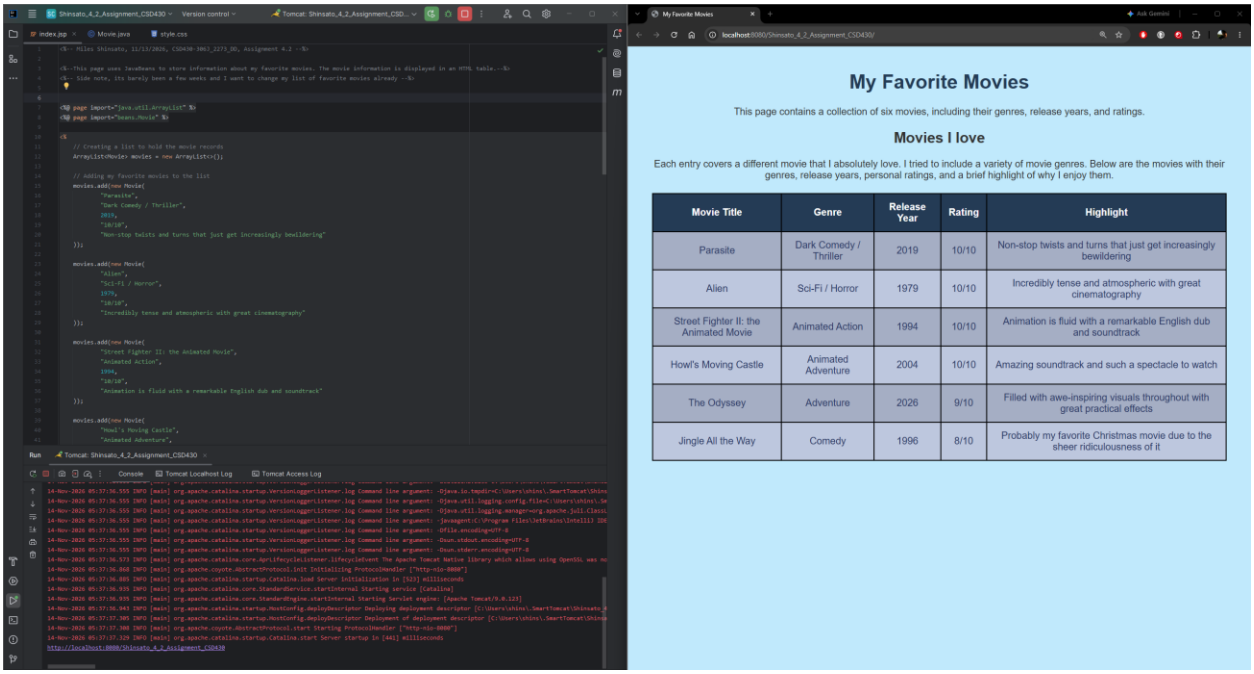

This page contains a collection of six movies, including their genres, release years, and ratings.

Movies I love

Each entry covers a different movie that I absolutely love. I tried to include a variety of movie genres. Below are the movies with their genres, release years, personal ratings, and a brief highlight of why I enjoy them.

Movie Title	Genre	Release Year	Rating	Highlight
Parasite	Dark Comedy / Thriller	2019	10/10	Non-stop twists and turns that just get increasingly bewildering
Alien	Sci-Fi / Horror	1979	10/10	Incredibly tense and atmospheric with great cinematography
Street Fighter II: the Animated Movie	Animated Action	1994	10/10	Animation is fluid with a remarkable English dub and soundtrack
Howl's Moving Castle	Animated Adventure	2004	10/10	Amazing soundtrack and such a spectacle to watch
The Odyssey	Adventure	2026	9/10	Filled with awe-inspiring visuals throughout with great practical effects
Jingle All the Way	Comedy	1996	8/10	Probably my favorite Christmas movie due to the sheer ridiculousness of it
